International Clinical Librarian Conference
3rd - 4th October 2019
Science and Industry Museum, Liverpool Road, Manchester, M3 4FP

Day 1 - Thursday 3rd October 2019

8.30
REGISTRATION OPENS

9.30 - 11.00
PAPER PRESENTATIONS 1

Perceptions of clinical librarians: how do LKS staff view the role of the clinical librarian?
Sarah Rudd, North Bristol NHS Trust

Library Language: a barrier to service?
Helen Kiely, Mersey Care NHS Foundation Trust

What impact do clinical librarians have in Derby? Data from a national study
Lisa Lawrence, University Hospitals of Derby and Burton NHS Foundation Trust

The clinical librarian’s guide to winning friends and influencing people
Liz Hunwick, Basildon & Thurrock University Hospitals Foundation Trust

11.00 - 11.30
BREAK

11.30 - 13.00
PAPER PRESENTATIONS 2

‘Alexa, are vaccines safe?’: evaluating voice assistant responses to consumer health questions
Emily Alagha, Dahlgren Memorial Library, Georgetown University Medical Center

Geographic search filters: retrieving context-specific research evidence to inform patient care decisions
Lynda Ayiku, National Institute for Health and Care Excellence (NICE)

It doesn’t reflect well: an audit of search method reporting compliance to PRISMA in a sample of published systematic reviews in PubMed
Kirsty Rickett, University of Qld/Mater Hospital
Don’t forget about the grey - strategies and practical tips for including grey literature (LT)
Isla Kuhn, University of Cambridge Medical Library

2dSearch: a multi-potential platform to design, validate, save and share the search strategies (LT)
Farhad Shokraneh, Cochrane Schizophrenia Group, Institute of Mental Health, Division of Psychiatry and Applied Psychology, School of Medicine, University of Nottingham

13.00 - 14.00
LUNCH & SPONSOR EXHIBITIONS

14.00 - 15.00
WORKSHOPS

Workshop A - How can we influence patient information to be evidence-based? A fishbowl conversation.
Deena Maggs, The King’s Fund

This session will open with a presentation of some of the findings from a group of library and knowledge specialists across the NHS in England who explored how evidence is used in the creation and review of information for patients. This will then lead into a fishbowl conversation which will provide an opportunity for participants to share and explore their own successes and challenges in influencing evidence-based patient information in their own settings, and offer hints and tips for those wishing to be more active in this area. A fishbowl is a novel alternative to traditional knowledge sharing mechanisms for groups. Learning will be captured and added to a Learning Log.

Workshop B - Towards a curriculum for the new CAS in Medical & Health Librarianship
Gerhard Bissels, Swiss Institute for Information Science, Chur Univ. of Applied Sciences & Alison Brettle, School of Health and Society, University of Salford

The Chur library school is planning to launch a CAS in 'Medical and Health Librarianship' as a distance-learning, English-language programme. In this workshop the outline of the curriculum for the new distance-learning course will be briefly presented, and participants’ feedback collected. Participants will be divided into groups each of which will compare one part of our draft curriculum against the matching section of the MLA's competencies framework. Items for discussion will include:
- Content covered and potential omissions
- Weighting of content within the overall curriculum
- Thoughts and ideas on the best possible online content delivery

15.15 - 17.00
PAPER PRESENTATIONS 3

Lean method, live update-real-time librarian support for evidence-based practice in radiotherapy clinical protocols
Jess Pawley, Taunton and Somerset NHS Foundation Trust

Providing critical appraisal training to a haemodialysis patient involved in a systematic review
Suzanne Toft, University Hospitals of Derby and Burton NHS Foundation Trust

A partnership between medical librarians, educators & faculty to pilot information literacy interventions in medical education
Rebecca Lavanie David, Nanyang Technological University, Lee Kong Chian School of Medicine

Oncology Journal Club on Twitter (LT)
Rosy Bennett, Royal Surrey County Hospital

Embedded librarian in Emergency Department (LT)
Jennifer Moth, Isle of Wight NHS Trust

Lightning Learning: a collaboration (LT)
Margaret Theaker, Kettering General Hospital NHS Foundation Trust

17.00
CLOSE
Day 2 - Friday 4th October 2019

9.00-10.00
KEYNOTE
Implementing the Topol Review
Sue Lacey-Bryant, Health Education England

10.00 - 11.30
PAPER PRESENTATIONS 4

Clinical Librarian in Norway
Henriette Fretheim Viksløkken, Sørlandet Hospital Trust

Connecting diverse communities with health information: strategies for community outreach and engagement
Jane Morgan-Daniel, University of Florida, Health Science Center Libraries

Embedding specialist librarians into arm’s length bodies
Archana Deshmukh, Surrey and Sussex Library and Knowledge Services

Clinical librarianship in the private sector: long games and perfect timing (LT)
Arwen Caddy, RB

Outreach to increase uptake: Royal College of Nursing Regional Contacts (LT)
Alan Chalkley, Royal College of Nursing

11.30 - 12.00
BREAK

12.00 - 13.00
PAPER PRESENTATIONS 5

How Information Professionals can support a realist review: a case study involving health information technologies (HIT) and patient safety (LT)
Natalie King, University of Leeds

Telementoring and the long-distance clinical librarian: roles, risks, and rewards
Fiona Inglis, Centre for Addiction & Mental Health

Create, recreate, review – health and care explained
Deena Maggs, The King’s Fund

13.00 - 14.00
LUNCH & SPONSOR EXHIBITIONS
14.00 - 15.00

WORKSHOPS

Workshop C - The persona of the clinical librarian in the context of the Topol Review
Sue Lacey-Bryant, Health Education England

This workshop will build on the earlier Topol Review session, to enable participants to explore how they can get involved at a local level. Following the morning session, delegates will be asked their thoughts on what clinical librarian roles will look like in 2029, and what we need to do now to prepare for this. During the workshop, the group will work towards developing a persona for a clinical librarian, in the context of the Topol Review. This will then be published as a blog, adding to the suite of personas associated with the Topol Review.

Workshop D - Creative writing-based reflection to support professional development and staff wellbeing
Siobhan Linsey, Taunton and Somerset NHS Foundation Trust

In this session participants are invited to experience an innovative approach to delivering reflective practice training. The workshop will enable attendees to step back and reflect on an encounter/event that has affected them at work or at home. Using a guided writing framework they will be able to look objectively at the key aspects of the event in order to support professional development and practice, turning experience into learning. We will also explore and reflect on the impact this event has had on a personal level- supporting staff resilience and wellbeing.

15.15 - 16.45

LIGHTNING TALKS

Exploring new search tools for adverse drug reactions in NHS Knowledge Services
Rosalind McNally, Pennine Care NHS Foundation Trust

Bulletin bullet points
Carolyn Smith, University of Oxford

Leveraging success: how we developed a current awareness service that works for us
Sarah Frankham, Royal College of Surgeons of England

Microguide - librarian involvement in a clinical guideline, protocol and policy project at an acute NHS Trust
Kevin Burgoyne, BSUH NHS Trust

"Shy bairns get nowt!" – Mapping Maternity Guidelines
Sarah Gardner, Doncaster & Bassetlaw Teaching Hospitals NHS Foundation Trust

Safer, Faster, Better: supporting quality improvement in an acute NHS Trust
Lindsey Snell, University Hospitals of Derby and Burton NHS Foundation Trus

Rejoice, we conquer! A clinical librarian and the Brighton Marathon Research Group
Tom Roper, Brighton and Sussex NHS Library and Knowledge Service

17.00
